

School committees are composed of parents and residents in each community of Frontier School Division. These committees play a vital role in the education of children in their local school and are the basis of the foundation of the three-tiered governance system in the Division.

*The Public Schools Act* of Manitoba establishes school committees in Frontier School Division.

*17(3) The minister may, by regulation,*

- (a) establish a local school committee for each ward;*
- (b) give to each local school committee a name by which it shall be known;*
- (c) prescribe the number of members that each local school committee shall have;*
- (d) fix the term of office of each member of a local school committee, and the member shall hold office for the term so fixed and thereafter until a successor is elected.*

Regulation 118/91 (3) of *The Public Schools Act* establishes the committees, provides the legal name and sets the number of members on the committee.
