

The Frontier School Division Board of Trustees believes that meaningful involvement of parents and community members in the education of their children can significantly increase student success rates. To assist parents and community members to participate effectively, the Board of Trustees has developed a professional learning program for school committees. This on-going and varied program provides committee members with the knowledge and experience to be effective in their role.

Training sessions and materials on relevant topics provide detailed information which assist schools committees to operate effectively. This information also assists staff to understand the role of the school committee. Professional learning opportunities shall be available to all school committees.
