

EMPLOYEE HEALTH AND SAFETY – ALCOHOL AND DRUG FREE WORKPLACES

Policy E.5.E

The Frontier School Division Board of Trustees believes that schools and working environments must be safe, comfortable, welcoming and conducive to effective teaching and learning. Substance abuse threatens this environment. Therefore, the unlawful manufacture, distribution, possession or use of a controlled substance or alcohol is prohibited in any Division workplace, including Division buildings, grounds and vehicles.

A “controlled substance” is defined as “any type of drug whose possession and use is regulated by law, including a narcotic, a stimulant, or a hallucinogen”. A “drug” is defined as “a natural or synthetic substance that alters one’s perceptions or consciousness”.

Consequences for employees who contravene this policy are outlined in the accompanying regulations. Principals/supervisors shall ensure, on an annual basis, that employees are aware of this policy and regulations.
