

HOME PLACEMENT PROGRAM

Policy F.1.D

Frontier School Division shall provide all students with access to high school programming to the completion of Grade 12. The Home Placement Program is an option for students in communities where a high school program or technical vocational program is unavailable. The Home Placement Program is available to Frontier School Division students living on provincial land. Treaty and non-treaty students who live on reserve must access the local education authority's Private Home Placement Program (PHPP).

The Home Placement Program shall provide orientations, guidance, and room and board to assist students in finding a suitable high school program. Students who qualify for home placement attend a public high school outside their community boarding with family or friends. The Division covers costs including tuition fees, transportation, and board and room. Students must apply for this program and qualify according to the attached regulations.

Information: [Frontier School Division Home Placement Guidelines](#)

Adopted September 1, 2009	Revised March 13-14, 2018	
---------------------------	---------------------------	--

The criteria used to determine eligibility for the program and application procedures follow.

1. Eligibility for the Home Placement Program

The following criteria determine a student's eligibility for admission to the Home Placement Program.

a. Regular Placement

- i. The parents or legal guardians of students must be residents of Frontier School Division or they must live outside of any existing school division or district in the province.
- ii. The grade level is unavailable in the community.
- iii. Daily transportation to a high school program in a neighbouring community is unavailable.

b. Special Placement

Students shall have access to special programs that are unavailable in their local school or where daily transportation to a special program is unavailable. The following programs qualify for special placement.

i. Technical Vocational Diploma Program

The placement must result in a technical vocational program leading to a designated trade approved by Manitoba Apprenticeship in a specific field. A minimum of 8 to 14 credits must be completed.

Frontier School Division will fund only students who enter this program in their Grade 11 and Grade 12 school years. Exceptions shall be made for programs that require students to meet level 1 apprenticeship requirements. In these programs students shall be funded in their Grade 10 school year.

ii. Cooperative Vocational Education (CVE) Program

The placement must result in a Technical Vocational Diploma. Students complete 8 credits specific upon completion of their compulsory courses. This program of studies is taken in the Grade 12 year.

iii. **Frontier Collegiate Institute**

Home Placement will only be considered in Cranberry Portage when Frontier Collegiate Institute is over subscribed.

2. Guidelines and Application Procedures

Specific guidelines and application procedures are found in the document “Home Placement Guidelines”. This document is published annually.
