

Healthy eating habits and healthy foods in schools and offices foster positive growth and development in children and adults.

The Board recognizes that the promotion and implementation of healthy food needs to take place in all areas of the Division, such as:

- school instruction and curriculum,
- school cafeterias, canteens, offices, and vending machines,
- school fundraising activities,
- special events,
- school breakfast and snack programs.

Therefore, Frontier School Division schools and offices must model healthy eating habits by creating an environment that promotes nutritious food choices. It is the responsibility of the Principal to ensure that the Frontier School Division Healthy Foods Implementation Guide is adhered to.

1. Requirements

The Principal is responsible for ensuring the Healthy Foods in Schools and Offices policy is implemented.

The Principal shall provide a report on the implementation of the Healthy Foods in Schools and Offices policy to the school committee on a monthly basis.

School committees will have the Healthy Foods in Schools and Offices policy as a standing item on school committee agendas.

The “Quick Guide – Foods Available in K to 12 Schools in Manitoba” shall be posted in a visible location in all schools and offices.
