December 4, 2020

Dear Parents / Guardians,

I hope this letter finds you and your family doing well.

Below is an update to recent announcements from our Minister of Education regarding the two weeks following the Christmas Break.

On December 2 the Minister announced for the period January 4-15, 2021 Grade 7-12 students will be provided with remote learning. The exception is Grade 7-12 students with special needs, or those at-risk that must be accommodated in a classroom setting, will be allowed to attend school during this two-week period. Please contact your school Administration to make arrangements.

Students in Nursery to Grade 6 will continue to be offered in-class/in-person learning but parents will have the option to choose remote learning for this two week period. Should you be interested in this option please contact your school administration no later than December 14, 2020 to discuss.

It is important to reiterate that school is a safe place for your child given the safety protocols in place. It is also the best place for your child to continue with their education. Please keep this in mind when considering your options.

On behalf of the Frontier School Division Board of Trustees, thank you for supporting your child during this Pandemic. We continue to look forward to the time when we can be with each other again, and with that, we extend our best wishes to you and your family this upcoming holiday season.

Sincerely,

Reg Klassen
Chief Superintendent
