

Frontier School Division values the use of First Nations languages by staff where those languages directly support student learning and parental involvement. In recognition of this, the Division will provide an allowance to employees who are eligible based on the established criteria.

Teaching Staff

Teaching staff are eligible for the language fluency allowance pursuant to the Collective Agreement between Frontier School Division and the Frontier Teachers’ Association.

Support Staff

Where an employee not covered by the Collective Agreement displays an acceptable level of fluency in a language other than English or French and where it is established by the Board that the particular language directly supports student learning or parental involvement, the employee may be paid an allowance based upon a rate established by the Division. This rate shall be reviewed annually.

A list of support staff positions eligible to receive the allowance is available from the Human Resources Department.

Effective September, 2009, support staff presently receiving the Language Fluency allowance are excluded from the provisions of the eligibility test as outlined in this policy.

Staff will continue to receive the allowance provided the language is used regularly and frequently to support the daily teachings and learning environments in the classroom for a student or a group of students or with parents/guardians to directly support parental involvement in the students’ educational programs.

The attached regulations outline the criteria and process for receiving the allowance.

To receive the Language Fluency Allowance, teaching and support staff shall complete the application form in Exhibit E.2.A – EX1.
